Customer Focus

WHATEVER THE CHALLENGE,
WE PROVIDE THE SOLUTION.

"From hotels and restaurants to coffee bars and convenience stores. From offices to catering companies, WMF works with customers of all shapes and sizes. They truly understand the challenges of the coffee businesses which makes them first choice as the partner for my success."

YOUR SUCCESS DEPENDS ON...

CUSTOMER SATISFACTION

Machine Availability

Your ability to serve your customers at all times.

Coffee Quality

Serving your customer a premium and consistent coffee quality.

DAY-TO-DAY OPERATIONS

Operational Skills

Making sure machine and staff work hand in hand to please your customers.

Regulatory Compliance

Staying compliant with health, safety, security and environmental regulations.

COMMERCIAL SUCCESS

Plannable Follow-up Costs

Avoiding surprises and finding the right level of commercial stability.

Investment Protection

Maximising the lifetime of your coffee machine.

CUSTOMER SATISFACTION

Within a world where coffee still becomes more and more important to people, coffee drinkers expect the best quality and consistency of their favourite beverage. Paired with always on expectation that the technological advances of the last years has created, you need to be able to serve the customer when they demand it.

COMMERCIAL SUCCESS

A professional coffee machine represents an excellent basis for commercial success. The challenge is to ensure the right level of financial stability to support your business plans with plannable follow-up costs and protection of your investments.

DAY-TO-DAY OPERATIONS

The number of rules and regulations that you as a coffee machine operator have to comply with seems to be ever increasing. Paired with staff turnover, this represents a challenge to delivering the excellence you need in your day to day operations.

Services Overview

FOR A LONG LIFE
OF RELIABLE PERFORMANCE.

Our services are designed to provide your machines with state-of-the-art treatment throughout their operational life time. Integration of IoT and digital platform functionalities are great examples on how we continue to innovate our service portfolio. Our services are modular to let you choose the right level of support you need to be successful.

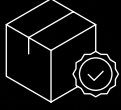

INSTALLATION

The right start to your success

The day your new coffee machine is first installed is one of the most important days in its entire lifetime. It will determine how your staff and customers value the machine. As we all know, there is only one chance to make a first impression. We share your desire to make a perfect first impression and have designed our installation services with that ambition in mind. Compared to traditional machine-focused installation services, our trained professionals look beyond and properly embed the machine into its operational ecosystem.

YOUR BENEFITS:

- Fast and safe start-up
- Water analysis to optimise settings
- Individual training and advice
- Customer-specific add-ons

MAINTENANCE

The key to consistent quality

Unplanned downtime and deterioration of coffee quality are risk factors to your success. They create unhappy customers and commercial impacts. We understand this and have based our service concept on smart preventive maintenance. Driven by our long experience and intensive research, we examine your machine and replace the relevant components in a highly targeted way, to keep it in perfect shape. Digital monitoring is taking the effectiveness of our service concept to the next level.

YOUR BENEFITS:

- High availability
- Investment protection and predictable costs
- Proactive checks to ensure quality
- Easy ordering of supplies and parts

REPAIR

By your side when you need us most

Even the very best can have a weak moment. We know how stressful it can be for your customers, your staff and in fact your whole business if you encounter one of those rare moments where your coffee machine lets you down. Speed and competence are of the essence in such a situation to get your machine working again. Our mission is not only to get you back up and running but also to deliver sustainable repairs so your machine is good to go just like on day one.

YOUR BENEFITS:

- Time-saving telephone support
- Expert on-site technicians
- High first-time fix rate
- Systematic checking, cleaning and descaling
