

DESIGNED TO PERFORM
WMF PROFESSIONAL COFFEE MACHINES

Portfolio

Designed to perform

THE FIRST CHOICE
IN COFFEE SOLUTIONS.

"Designed to Perform" is our promise that every WMF professional coffee machine is conceived to provide outstanding technical performance, ensuring the results and the reliability our customers desire.

Made in Germany

Research, development and production is concentrated in Geislingen, in Southern Germany, which over the decades has become a centre of excellence for professional coffee machines. We build most of the machines to order, and fully test every single one before we send it to the customer.

Innovation

At WMF, good is never good enough. We are continually developing new features to help our customers to optimise their coffee business. All our machines offer future-proof digital connectivity, opening up a new world of opportunities.

Dependability

Our customers place their trust in us. WMF machines are designed to perfect the working environment where they are placed, making sure everything is

flawless, while business achieves new highs.

Quality

Recognised standards are only the start. Our ISO 9001 and ISO 14001 certifications attest to the robustness and sustainability of our processes. But our reputation for quality also depends on using only the highest-grade materials and the most advanced technology.

Design

WMF machines don't just look great. Prestigious prizes like the iF Design Award and Red Dot Best of the Best confirm the world-class standard of their design. Clean, contemporary and instantly recognisable, WMF design is a promise of coffee perfection.

We put all our efforts into this because we want to be your first choice in professional coffee solutions.

FULLY AUTOMATIC COFFEE SPECIALTIES MACHINES

Each of our fully automatic coffee machines produces a variety of high-quality coffee specialties at a touch, while enhancing any location with its eye-catching design and premium materials. For each model, a variety of different configurations is available to satisfy a diverse array of customers in low, medium or high-volume environments, in both served and self-service situations.

AUTOMATIC PORTAFILTER COFFEE MACHINES

People all over the world enjoy the taste of real espresso coffee. But with a conventional portafilter coffee machine, a skilled barista is required. So we decided to bridge the gap between handcrafted and automatic espresso brewing. The result is the unprecedented WMF espresso NEXT, an award-winning machine that automates all the steps that require specific ability and handling, while retaining the style and atmosphere of a real espresso machine. For espresso coffee that is "handmade automatically".

FULLY AUTOMATIC FILTER COFFEE MACHINES

Achieving the full flavour of perfect filter coffee depends not only on the quality of the coffee beans and water, but above all on brewing just the right amount at just the right time and temperature. Our filter coffee machines do this rapidly and automatically, in whatever quantity you require. The result is the finest filter coffee, freshly brewed wherever you need large quantities of delicious coffee in a short time.

WMF Services

PROVEN EXCELLENCE
AROUND THE GLOBE.

At WMF, we are committed to your success and therefore offer service solutions that help our customers all over the world to get the best out of their machine.

Whatever the challenge, we provide the solution

As coffee is served in many different environments, our customer base is quite diverse. With almost 100 years of experience, WMF understands the challenges our customers face like nobody else. This wealth of experience is the basis for all our service designs.

CUSTOMER SATISFACTION

Machine Availability
Your ability to serve your customers at all times.

Coffee Quality
Serving your customer a premium and consistent coffee quality.

DAY-TO-DAY OPERATIONS

Operational Skills
Making sure machine and staff work hand in hand to please your customers.

Regulatory Compliance
Staying compliant with health, safety, security and environmental regulations.

COMMERCIAL SUCCESS

Plannable Follow-up Costs
Avoiding surprises and finding the right level of commercial stability.

Investment Protection
Maximising the lifetime of your coffee machine.

For a long life of reliable performance

WMF coffee machines are a quality product and, together with our services, will perform over a very long lifetime. Truly understanding our customers' needs, we have developed standard service packages and add-ons that can be perfectly combined to satisfy your individual requirements. The fact that we only get one chance to make a first impression inspired the design of our installation services to deliver the right start to your success. Our preventive maintenance will ensure your machine always achieves its optimum performance, while we are by your side when you need us most with our repair services.
